

# SSEF of Florida Mortality Report

- This form is required for all research involving vertebrate animals. This form must be completed at the conclusion of research even if no deaths occurred.
- **NO vertebrate animal deaths due to the experimental procedures are permitted in any group or subgroup.** Such a project will fail to qualify (FTQ) for competition. *See Intel ISEF Rules and Guidelines.*
- If there was any weight loss or death of an animal during the experimentation, the cause must be investigated.
- If a member of any experimental group or subgroup dies during experimentation a **degreed professional with experience in necropsy** must document cause of death and absence of connection to experimentation.
- Mortality must be calculated for each group, subgroup, and the total research population.
